

WELCOME!

WELCOME!

Scandicore Nordens Pappersindustri AB manufactures and supplies paper cores of the highest quality to several industries both in Scandinavia and Northern Europe.

Our strength is a flexible production process with a very wide product range and application area. We work closely with our customers for optimal solutions.

Manufacturing takes place in a customized plant with a modern machine equipment and a well-developed quality and environmental control. We're developing and testing our products in our own laboratory.

Scandicore Nordens Pappersindustri AB are certified according to standards SS-ISO 9001:2000 and SS-ISO 14001:2004.

Scandicore Nordens Pappersindustri AB is a member of Mustad International Group B.V, an international, familyrun industrial group founded in Norway in 1832.
